R

As these persons appear to have been transported to this place to reside on the Coast of Ramnad and were allowed a stipulated allowance of 100 Pagodas per Month as noted in the Margin, and as the allowance to Aswandie was reduced to 10 Pagodas after his death in favor of his Son, and that of Permaul Naick to 20 Pagodas in favor of his Son, and as the persons alluded to must necessarily suffer much distress from having no other means of livelihood save that of the bounty which they derive from Government, I would recommend in order to Effect

To the President and Members

Board of Revenue

Gentlemen

Para 1st. With reference to the accompanying arzees I have the honor to submit for your orders the following information.

2d. It appears that Sungaralingompillay the Agent of of Mr. Hughes tobacco Contractor for Travancore brought into the Town of Pudu Madura certain tobacco for exportation at an unusual season 10th & 11th of July last in order apparently to benefit by favorable terms procurable from the renter of an expiring rent.

13 25

3rd The Rowanahs five in Number are signed by the Name of Shaik Mahomed Rowten a renter who died some weeks before, the name of the person who actually signed and prepared the Rowanahs does not appear therein, the quantity of Tobacco entered in the Rowanahs collectively amounts to 140 Candies, the out turn on examination is 175 Candies shewing an excess of Candies 35 above the amount for which duty was levied by the late renter - Moreover, the period for the operation of the Rowanah is not limitted

4th The present renter affirms that the above irregularities were contrived to enable Sungerlingompillay to carry on a clandestine sale of tobacco, and he claims payment of full duty on the whole of the tobacco imported under these rowanahs, I am inclined to think also that the excess of the quantity of Tobacco introduced above the quantity specified in the Rowanah could only have been intended for clandestine sale within the Ramnad Chokie while the remainder as per Rowanah might have been forwarded to supply Mr Hughes's Contract. The defence of Sungerlingompillay that the operation of moistening the Tobacco with jaggery water occasioned the excess of one fourth of the Rowanah weights is pronounced by the Tobacco venders at Madura to be an absurd plea, and the Ramnad Head of Police affirms that he found the tobacco on examination to be in the usual state, I therefore ventured to recommend that Mr Hughes's share of

the Cargo be released, and that the portion apparently intended for the private trade of the agent, be confiscated under the Regulations

Translation of arzee from Mootoo Shellatauer Head Police officer of the Ramnad Zemindary 28th December 1830

The orders of the 6th Instant states that a Copy of the arzee of Sunkerlingompillay agent of Mr. Hughes of Thatchanultoor is forwarded for my information & that he therein complains that the Tobacco was not weighed with the same weights as when he had purchased it, and that the increase of weight of 35 Candies arises from the Cause of its having been Moistened with Jaggry water, and directing me to report upon the actual quantity of Increase, and as the Increase great, to retain the Tobacco under attachment in the charge of the owner thereof. The Petitioner complains in his arzee that the Tobacco was weighed with partiality & prejudice. When the Tobacco was weighed, the Renter or the Petitioner did not produce the weights & as they denied having any in their possession, they were brought from the Buzzar & they consisted of 1 Seer weighing 80 Pags. weight

4 Seers weight — Total

5 Seers of one Viss weight — The were used in presence of the Renter & the Petitioner, and Each parcel weighed 4 Maunds, making a Total weight of 175 Candies — In the Rowanahs is Entered 140 Candies the surplus therefore is 35 Candies — The account furnished by me on the occasion was attested with the signature of the above 2 persons in my presence & they passed separate depositions also been sent to the Hoozoor on the 3d Instant previous to the receipt of the orders of the 6th I have no occasion to have acted with partiality Either in favor for the Renter or the Petitioner — If the were false & not right, why should the Petitioner have signed the account and made no allusion to it when he passed a deposition. The Tobacco was preserved in the Mannar as all other persons do preserve Tobacco, Consequently the Increase of weight, could not have been occasioned from the Jaggry used to Keep it moist, If such an Excess was Expected, the Petitioner should have been to the Circar his intention of Moistening the Tobacco for which he had already obtained a Rowannah — The article is entered in the name of Mr Hughes & not in the Names of Sun Kerlingom — Its appears that this man had for his own benefit secured a large quantity than that entered in the Rowanah, and there is not least doubt in the Excess being found to amount to 35 Candies according to actual & correct weight — I have Kept the Tobacco under attachment in the care of the Petitioner —

From Sunkerlingumpillay 3d November 1830.

Stating that his Master Mr. Hughes has contracted for the supply of Tobacco to the Travancore Government, and that for a period of 7 or 8 years, advances have been made to the cultivators of Tobacco in Ramnad, and after paying the Land Custom duty it was usual to preserve the Tobacco by moistening it with Jaggry water, after which the Sea Custom Rowanah is obtained for Exportation. That according to usual Custom Rowanahs had been obtained. That Aul Condan Chetty of Travancore had likewise come forward to purchase Tobacco in Ramnad in Fusly 1239; as he had occasioned some trouble that he was advised by the Renter of Fusly 1239 to secure the Tobacco under Rowanahs by paying the duty on the same. That when he was preserving the Tobacco the Renter of Fusly 1240 told him that he should pay for the difference of weight & wanted an advance of Money to pay his Kist, but as he did not agree to his terms that he had imposed upon him by alledging that he had replenished himself with a subsequent supply upon old Rowanahs, & that consequently his Tobacco had been at Posthoomadoom Godowns, that it has been usual for them since they had taken the Contract to transport Tobacco by Sea in the Month of November & December to Travancore. This will be apparent from the Neelakurray Registers at the Hoogoor

from the 1234 fusly — The accusation that the Rowanahs were obtained in fusly previous to the Exportation by sea & that no limitted period is inserted in the Rowannahs are not just & proper, because it will appear that the Rowanahs were obtained at the Sea port Station, and not at a distance inland, to limit the period of its arrival to the Sea port place, Moreover No Rowanahs for Exportation by Sea have in any instance limitted the period of the Rowannahs — If any irregularity has been observed in the Rowanahs, the omission is the Renters fault, & not the Merchants — By a reference to the Collr. of Madras Sea Customs it will be found that Merchants are allowed to Export their articles by sea at any time, they think proper after having obtained a Land Custom Rowanah & not that they are pressed to Export the articles immy as soon as Rowan-nahs are obtained — this will be proved by reference to returned Rowannahs, and whilst all these proofs could have been found in the Hoozoor Records, it would appear to you that the information of a miserable Renter could be depended upon to set aside the consideration that my Master who deals in large sums of money to the amount of Lacks, would for the sake of 10 or 100 Candies paying a duty of 2 or 2½ Rs. per Candy commit any act to defraud — My Masters dealings in Travancore & Tinnevelly & other Zillahs are respected by Gentlemen a Dony is now come which will carry a burden of 200 Candies

to

to Travancore should the Doney owner be detained, he demands one or two Pagodas per day for Batta to the Lascars, wherefore I beg that the Sayer ameen be directed to cause the Tobacco to be weighed in the presence of the Renter of Customs & it be allowed to be Exported by sea, & the Zemindar directed not to cause any Molestation - As Tobacco is much in demand in Travancore, and as the detention of the Doney would be attended with Expence, I beg that these Circumstances will be taken into consideration & orders granted for its release -

From ditto ——— 13th November 1830.

Stating that 36 Candies of Jaggry had been received from Tinnevelly for preserving the Tobacco purchased to supply the Contract of his Master with the Travancore Government, that the Renter has brought false pretences merely because he was not allowed the money he required, and knowing that the Tobacco cannot be Exported by land to the place of its destination, he has thus taken the opportunity to cause its delay - I am requested to send the Tobacco as soon as possible to Travancore in consequence of the great demand they have for the article - The doney which is come here is detained here for the 20 days, and

and it is attended with great Expence by detaining it as the Lascars require 2 Pagodas Butta per day, but the Sibbundy charges is very great. The Ramnad Police officer requires the Bales to be opened for Examination – But as the Tobacco is the produce of last year, & as they are packed up with Jaggry water in a State of preservation, great loss will be sustained should the Bales be reopened now & again at the sea port to be weighed – As the Tobacco belong to Gentlemen & the demand being very great at Travancore, the Tobacco Can be at once weighed at the sea port in Conjunction with the people of the Head Police officer and the Renter, before it is Exported – Should any Excess be found in consequence of the Jaggry water, the Teerwa on the Excess will be paid – In consequence of the harbour being very inconvenient for Boats, much difficulty will be experienced if the Boat is allowed to remain any longer & as much charges has been incurred on account of the Tobacco, and the Sayer ameen delaying to give orders – I humbly Entreat that orders may be issued to Export the Tobacco, as speedy as possible on Collecting from me the Duty on the Excess Quantity & save & protect me

(Signed) Sungerlingumpillay

From Ventapramyen Sayer ameen of Ramnad 6th October 1830

The orders & Proclamation sent to me on the 21st Septem directing me to inform Mr. Hughes people of Thalchanultoor

Tinnivelly to remove the Tobacco which they had paid duty for the in the last year to the place Consigned, within the limitted period & that should they object to do so and make any obstinacy, to report thereon accompanyed with depositions, and that the Tobacco would then be seized, I accordingly sent for Sunkerlingompillay the above said Gentleman, and required him to produce the Rowanahs, which having inspected, I find they are as follows -

Value					Quantity
2 Rs.	1 Rowanah 10th July 1838 of fusly 1239	Tobacco 1st sort			Candies 17 destined to Charyancherry in Quilon
4 Rs.	2 do.	do.	do.		Candies 118 - do.
1/2 do.	2 do.	do.	do.		do. 5 Quilon
5					Candies 140 -

As no definite period is thereon specified agreeably to the Regulations I asked Sunkerlingompillay about it, to which he said that the renter did not enter the period, nor did he require him to do so, that as the Wind was not favorable for sailing ever since he obtained the Rowannahs, he deferred taking away the Tobacco, that as soon as the wind is favorable, he will despatch it, & until that time it will be kept in the same place where it is, Moreover that he had intimated to the Choukeydar of Keelakaray sea port, at the time that he

he obtained the Rowannahs and passed an attachee to that Effect —

As the Renter was dead I summoned his brother Nulla Ebroyrowten who attended to the affairs of the rent, and asked him about it, to which he said, that the said Rowannahs were furnisthed on the above dates according to the request of Sunkerlingompellay, — that he proposed to enter the limited period in the Rowannahs agreeably to the regulations, but that Sunkerlingompellay objected to it by saying that the Tobacco was to be Exported by sea & that it depends upon favorable wind to do so, and that the period for its despatch could not be deter=mined upon, Consequently that the period for the Rowannahs was not inserted in them, & passed an attachee to that effect.

I requested to know from the Chowkedar of Neelakurray whether the Circumstance was made known to him as stated by Sunkerlingompellay, to which he replied that no intimation was given to him by Sunkerlingompellay or any other Servant belonging to the above said Gentleman, that it was usually Customary for to produce the Inland duty Rowannah at the time of Exportation by sea, & after paying the difference of the Export duty, that the article would be despatched, & that it was not customary to give any previous notice — He states that he has given strict orders to the Peon at Porthornadom where the Tobacco is loged to watch against any illicit trade being carried

on with the Tobacco until it is dispatched by Sea -

There appears a contradiction in the statement of Sunker-
-lingompillay & the Keelakurray Choukedar and Rowanahs are
only issued for articles transported, but not for keeping them in
the same place where they are granted - It was necessary that
Rowannahs should have been obtained for Exportation at a
time when the winds were favorable & not to have obtained
Rowannahs at a time when the winds was not favorable within
the period of this last years rent - Instead of Sunkerlingompillay
taking Rowannahs for the Tobacco within the period of the
present Rent at a time when the winds favorable, he
obtained them at the conclusion of the years rent Vizt. - 10th
& 11th July - for a very large quantity of Tobacco - being 140 Candies,
& from that time he has not Exported the article, but as
he promises to do so when the wind is favorable, I therefore
Submit the Circumstances for information as they appear inconsis-
-tent -

The documents transmitted are 2 attachees, Original arzees
from the Choukeydar of Keelakarey - 5 Rowannahs (Copies) in
all 8 documents & shall abide according to such orders as may be
sent to me -

From Parsooramputtay Post office Writer of Ramnad
Dated 16th January 1831.

The Enoyetnamah of the 14th Instant mentions that the Post Master General has written a stating that 6 packets &c. had been dispatched from Madras on the 21st Decr. 1830, that 4 letters only had been acknowledged in the Duplicate list, and that the Wax cloth packet from Bellary, and a packet with bill containing a Europe letter to the address of Major Campbell were not acknowledged in the said list.

According to the list from Madras of the 21st the 6

6 Letters have been received — In the Packet from Bellary there was a seperate list, and as the Packet for Major Campbell was accompanied with a Bill for the Europe letter, I therefore inserted the receipt of these Packets in the B[illegible]y list & in the Bill, and entered 4 letters only in the Duplicate list from Madras & Returned them according to usual Custom — I sent the Bellary List to Bellary, and the Bill for the Europe letter, I sent with the duplicate list to Madras — Should it be necessary that such Packets future be entered in the duplicate list from Madras I shall do so accordingly

Para of your Secretarys letter I beg to explain that when I took charge of the Dindigul Division the Sub Collector was in possession of the Government Bangalow, and I did not think it proper to desire him to remove because my charge of that Division was temporary and the short distance of the Talooks of the Madura Division from Dindigul render that measure unnecessary. Sir,

I have the honor to acknowledge the receipt of your letter bearing date 8th Ultimo on the subject of a petition to the Board of

Revenue against Sheshagery Row your Nayub Sherestadar.—

I have forwarded his reply to the Petition and I consider his defence satisfactory. I am persuaded that the family of the late Ramnad Zemindar had not the means of making presents to the amount stated and the Manager utterly denies the truth of the allegation set forth as you will perceive by the accompanying translate of an Arzee received from him on the Subject.—

As to the Charge of Sheshagery Row having received presents from the late Shevagunga Zemindar the Shevagunga Vakeel utterly denies it and I consider it altogether improbable as the Zemindar was never under the Controal of the Sub Collector and he could have had no Motive in bribing him.—

The original Documents which accompanied your letter are herewith returned.—

Madura 1st March 1831.—

Translation of an Arzee from Mootoowenye Natchiar Guardian and Mootooshella tavor Manager of the Ramnad Zemindary to W. Viveash Esqre. Principal Collector of Madura.—

In the Enoytnamah of the 21st January last, a Copy of a Petition regarding Certain Corruptions stated to have been committed came Enclosed, and we are therein directed to make Enquiries and report by documents whether the persons whose names are affixed thereto did write the Petition or not.—

Of the persons whose names are affixed to the Petition,

Ramasawmy Naicker

Ramasawmy Naicker the Treasurer of this place died about 7 or 8 Years ago. On shewing the Petition to Autheenarrainapillay Peshcar, Veerasawmy Setty and Subyon 3 persons who belong to my household, and on asking them what they had to say as their Names were put to the Petition, they stated that they knew nothing about it, nor did they forward any Petition of the kind with their Signatures; and to that Effect passed an Attachee which we now forward with this Arzee. We cannot ascertain the other persons who signed the Complaint. Shashageery row never came to our place; nor did we present him with any Shawls. In considering upon the nature of the Complaint we are of opinion that some one of Shashageery row's Enemies must have addressed the Complaint under fictitious names, and Evidently appears to be false.

We have made known the above for your information.

To the Board of Revenue

Gentlemen,

Para 1st I have the honor to acknowledge the receipt of your Secretary's letter dated 31st January last and to explain that the delay noticed arose from the securities not having been immediately furnished and in some instances the second bidders failed in producing either Security or Deposit in which cases the rents were put up again.—

2d. It has been usual to demand from persons failing to make good their bid, the amount of the loss thereby resulting to Government and 200 Rupees were collected on this account from the first bidder of the Madura Chouky in other cases orders were issued to collect the difference between the amount of the first tenders and the amount of the rents subsequently confirmed, but property is not forthcoming and it is scarcely worth while to throw the people into Jail on this account.—

3d. It would be better to cause the highest bidders on all rents to make immediate deposit, but I could not generally prevail on the persons wishing to engage in rents to bid on these terms. Your Board will however perceive that we are gradualy becoming more under rule in the Management of the rents, the renters of the present year discharge their instalments with regularity and I hope we shall hereafter secure as Renters persons of property. Many of the failures in the bids of the present year arose from the bidders for tobacco and betel

having

having attended more to the profits of the preceding year monthly from the monopoly of these articles than to my proclamation forbidding it, they subsequently discovered their error and failed to make good their offers.—

Gentlemen,

I have the honor to bring to your Notice that on taking charge of the property of Bichaji Row the late Cash keeper I found in his possession the Village of Pandanendul in the Ramnad Zemindary which I consequently attached —

The Zemindar of Ramnad claims the restoration of the village as it is one of the Ayen Villages included in the Permanent Settlement of the Ramnad Zemindary he states that Rani Mungaleswari Natchyar granted half of the village for defraying the charges of the Ardamanum Kuttay of the Minatchy pagoda and one half for the Archenybagum to Mirthenjeya Butler Stanekum of the same pagoda, and he denies the right of Bichaji row to the revenues. —

R

Sundara Ammal Widow of Doonda row elder brother of Bichaji claims possession of the village one half under a Mortgage of the Kuttay share for Pags. 1500 and the other half under a deed of sale from the Stanegum he states that he possesses the original deed of Gift executed by Rani Mungaleswary in favor of Mirthengey butler and that Bichaji row held possession in behalf of her Son a minor. —

It appears that as the Village revenue were originaly assigned by the Rani of Ramnad to meet certain expences of the Minatchy pagoda; neither

neither Bickaje row nor his brother's son could legally purchase or hold them, and therefore they are not available for the liquidation of Bickaje row's Debt to the Circar and further as the Village is one of the Ayen Villages of the Ramnad Zemindary the transfer of which has not been sanctioned by Government under Section 12 Regulation 25 of 1802. the Zemindar is entitled to the revenues to be appropriated as he think's proper, Should your Board therefore concur with me in opinion I shall not prevent the Manager from resuming charge of the Pundanendul Village —

I have the honor to submit for the orders of the Right Honorable the Governor in Council the accompanying Copy of a letter from the Medical officer at Dindigul stating that he has taken charge of the Vaccination Department of the Dindigul District, an allowance of Fifty Rupees has heretofore been given to the Superintendent of Vaccination of the Dindigul District M^r. Gibbon drew it to the end of January and still expects this Allowance as he considers himself absent on sick Certificate. M^r. Innes claims the allowance from the Commencement of January to the end of February & Master Tracy will of course consider himself entitled to it from the date on which he took charge of the Department.

In the absence of the orders of the Right Honorable the

37

the Governor in Council I do not consider myself authorized to attend to any claims to this allowance; I therefore request instructions on the subject. The charge of superintending the Vaccination of the whole District was formerly entrusted to the Zillah Surgeon at Madura, and it may probably be considered as well to resort to this arrangement again, otherwise should it be deemed preferable to entrust the Superintendent of the Vaccination of the two Districts of Dindigul and Madura to separate Medical Officers, I beg to suggest that appointments may be issued to that effect by the Government.

Should it be Considered necessary for Military purposes, it must be purchased but I apprehend there will be no difficulty in accommodating the Officers now at Dindigul with Ground in any direction round the Pettah and I have instructed the Tahsildar to wait upon Major Ross to ascertain his wishes on the Subject.—

From Sasachellom Moodely Postoffice Writer at Dindigul
Dated 25th March 1831.

I beg to state that 4 Calcutta News papers have been received up to this time for Lieutenant Symons of the 18th Regiment stationed at this place from the General Post office at Madras. It was usually observed that 683 Miles from Peraghy to Madras used to be inserted on the papers, and as the distance from Madras to Dindigul is 322 Miles I added the total making 1005 Miles, and collected the postage of 1 Rs 8 as 2 pice which I inserted in my Accounts. Yesterday, from the Darwady Post office, a Calcutta News paper was received for the abovesaid Gentleman, and on it was inserted 683 Miles from Peraghy to Madras, and from Madras to Darwady 490 Miles; I added 518 Miles from Darwady to Dindigul making a total of 1691 Miles which according to the Regulations of the Post office, the postage amounts to Rs 1.8 and when I requested payment of the same, the said Gentleman told me that the General Postoffice at Madras was aware that he was stationed at Dindigul & that he had received some Papers directed to him in proof thereof; That whilst such was the case, and as the fault is with the General Postoffice in sending the Paper to Darwady, that he has no right to pay the additional postage of 9 as. I have thought proper to report the Circumstance for your information, & I shall abide according to such orders as may be sent to me.

48 95

I was induced to dismiss the petitioner from his situation because numerous inhabitants preferred a Complaint to the Hoozoor that he had ill used them and Extorted Sums of money from them, these Complaints were forwarded to the Tahsildars and peculations to the following amount reported and proved against him --

Teeroomungalem Tallook Rs 8436- 2 - 1
Maadacolem - - - - - - - - 1050 - " - "
Tengaray - - - - - - - - - - 120 - " - "

Accounts and depositions were submitted in support of the charges but as I was overwhelmed with similar complaints against all the head Tallook and district Servants and as the assembling numerous Witnesses Kurnums and others at Hoozoor would have led to serious inconvenience I was compelled to neglect them for the other more important duties of the District - my mind has been since completely made up against the propriety of reemploying the petitioner in consequence of information which I have personally received from the inhabitants in several Tallooks of the District - the very fact of his having increased the beriez of several villages by unreasonably adding a nominal increase to Mr Hurdis's measurement, the inhabitants allege because they could not pay for his forbearance, is quite enough of itself to subject him to the punishment of dismissal --

To,

H. Viveash Esq.

Principal Collector

Madura

Sir

I have had before the honor of addressing you on the subject of ground for the Cantonment at Dindegul, and requesting you would until the question relative to the military limits had been decided on, order that no further Erections should be made on the ground which had formerly been occupied as a military Cantonment —

I conceive that the situation of the 18th Regt at Dindegul comes within the Provision of Regulation VI AD 1821 Entitled "A Regulation for the better order and discipline of military Bazars and for the prevention of drunkenness among soldiers and for rescinding Regulation VI of 1809 and Regulation III of 1810 — passed by the Honorable the Governor in Council of Fort St George on the 28th August 1821 and it is of the utmost importance to the discipline and the welfare of the Regiment under my command that certain ground should be alloted for the general purpose of keeping it in as compact a state as possible — —

The officers now mostly occupy a row of Houses near the village at a convenient distance from the Sepoy lines, Parade, Fort &c but the number of Houses is

5/(6)

totally in adequate to the actual want, It will therefore become necessary for many to build, The ground sold by Mr Payne to some weavers is situated on the same road and directly opposite the present Row of houses and Consequently from its situation is inveneratily adopted to the purpose of building officers houses - the ground had been made over under a grant to Lieutenant Colonel Innes Commanding Dindigul in 1800 and is not now the property of Government - The same objection applies equally if I mistake not to the land occupied by most of the officers of the Garrison of Dindigul at the same period, which land in most instances has now become the property of Natives - —

The Natural limit of the System formerly pursued of giving the Contonment in proccemeal grants to individuals has been that Natives have obtained possession of and Converted to various purposes, what was formerly Considered as military grounds, should be the same System be adopted now, no ground within the several miles of the Fort, Barracks, Lines &c - will in few years be procurable for the use of the officers of succeeding Corps, and Government will be put in great extra Expence for the erection of new public buildings, as it would be highly injudicious and prejudicial to the Service, to separate to any Extent the officers from their men or the men from their Barracks

On this account, I am anxious should you Consider it feasible in lieu of individual to receive a general military grant of Contonment ground which may at all times be available for military purposes, or in other terms, to obtain the sanction of Government for assigning fixed and determined limits to this station - —

With

With this view I would beg to suggest that the ground sold by Mr Payne, be purchased from its present occupants and that application to that effect be made to Government. Had this measures been adopted on the arrival of the 18th Regiment no possible difficulty would have been experienced, and the expence would not have exceeded 500 Rupees, a sum of no importance when compared to the great advantages and subsequent oeconomy derived from the purchase — —

In conclusion, I much regret, you have not found it convenient to visit Dindigul since the arrival of the Regiment, as your presence in all probability would have obviated considerable difficulties, and thus various other points connected with settling a corps in a new and unfound Contonment — —

To The President and Members of the Board of Revenue

Gentlemen,

I have the honor to acknowledge the receipt of your Secretarys letter bearing date 28th Ultimo calling for Explanation as to the use of the Parah as the standard measure for salt and to state that your Board's Rules of 1819 for the Management of the Salt have not been ev introduced into this district - This Parrah has all along been used in the measurement of salt for sale, I do not ev understand how the Comparative decrease in the sales of Tanjore Can be attributed to this Cause because the sale by Parrah must have operated Equally throout the period which has elapsed since the measurement by Marcal was first introduced into Tanjore - The sales of salt fell off last year in Madura as well as Tanjore and I am inclined to attribute this to the Extensive Manufacture of earth salt in Coimbatore inclosure No 1 the accompanying report leads me to believe that the Tanjore Salt Servants Counteract the alleged favourable operation of the Parrah in the

Madura

104

Madura sales by inducing traders to resort to the Tanjore pans by promise of excess on the usual measurement and I do not think that the difference between the measurement by Parah and mercal is so great as to induce traders to go much out of their way. Eight measures equal one mercol, five mercols equal one parrah, eight parrahs equal one Garce, the increase of the measurement by parrah is just one and half measure per parrah, the increase on 80 parrahs is 120 measures or 15 mercols per Garce or 3½ parrah —

It is certainly advisable that the standard salt measure should be uniform throout the country but the practise of excess of measurement which I think prevails more or less whenever salt is sold in consequence of the disgrace into which a Native Servant falls whose sales decrease, and the difficulty of preventing the practise of heaping more salt in the Ambarem those is brought to account generally render inoperation the slight difference between measurement by parrah & mercol. —

After I have finished the present years land Revenue settlement, I will go down to the Coast and prepare a report on their prevailing management in this District with the view to introduce your Board's rules of 1819 —

Translation of an Arzee from Vencataramien Peshcar of the Calianagherry Salt Pans —

In Consequence of a Report having prevailed that

that an Hurricane was to happen on the 17th Instant many of the merchants who were in the habit of purchasing salt did not as usual resort to the Pans, altho' the sales in the present month must be very Extensive, and in order to remove the prevailing prejudice, Palyapen a Peon of my Cutcherry who was sent by me to Encourage and invite the merchants to the Pans came and reported, that many of the Waloyan Koravers Ramen Dea merchants and the Sulpa Gentoo merchants from the Pareacolem district who were halting at Kullal Koonacoody village in the Sevagengah Zemeendary on their way to the salt pans and inhabitants from the Tonjore district to the Asongherry salt pans by offering to allow them 1 Mercal more than the Established rate for Every Parrah. and that one Palagapen the Peon remonstrating with them on the impropriety of Enticing away the merchants who were in the habits of resorting to the salt Pans of this district, that they not only gave him much trouble but are continuing to molest all the merchants proceeding in that direction to the salt Pans —

It is optional with merchants to purchase salt wherever they please and not to meet and invite them with offers contrary to Established rules, and if merchants proceeding to these salt pans are thus Enticed away how could it be possible that salt could be sold in this district to any great Extent, Consequently I entreat that a letter may be sent to the Principal Collr of Tonjore requesting him to prevent his people Enticing or molesting the merchants usually resorting to the salt pans of this District — —

To the President and Members of the Board of Revenue

Gentlemen,

I have the honor to acknowledge the receipt of your Secretary's letter bearing date 24th ultimo on the Tobacco transactions of Mr. Hughes agent and to explain that I did not submit to Mr. Hughes first letter to my address because it contained no evidence on the Cause, the agent was the principal in the transactions thro' out and his defence on the occasion contains every Particular which Mr. Hughes after communicating with him furnished

The facts are clear Mr. Hughes's agent imported Tobacco for exportation under a Rowanah and on examination the Tobacco in the Possession of the Agent exceeded the Quantity entered in the Rawanahs by almost 20 Percent the agent of Mr. Hughes explains that this occurred in consequence of Preparation by the addition of Sugar on the other hand. I believe from all the information which I have obtained that the excess

was introduced by the agent for Private and clandestine sale and if the tobacco had not been examined I do not think that your Board would ever have heard of the excess above the quantity specified in the Rawanahs at all events, if similar explanation of excess beyond the Rowanahs is to be admitted the Government Revenue are completely at the mercy of Mr Hughes's agent Mr Hughes resides about 100 miles from his agent in the Tinnevelly District and I do not consider his control or his knowledge of the agents transaction by any means perfect I have refered for further information to the Ramnad Manager who I consider to be perfectly impartial and I will submit the result as soon as the investigation have been made in the meantime the tobacco specified in the Rawanah has been Released and the excess is under attachment

To The President and Members of the
Board of Revenue

Gentlemen,

I have the honor to acknowledge the receipt of your Secretary's Letter bearing date 28th February received 14th of March calling for my opinion on the Proposed Compulsory Registry of deeds of Mortgage and Transfer of lands and to state that on enquiry I think the enactment will not be Popular or Necessary in this District

2 – Compulsory Registry is objected to because it has a tendency to injure the value of land, first by rendering it less available for Purposes of Mortgage, in asmuch as Mortgage is a means of Raising money for immediate use the necessity of which People are not inclined to make Publicly known, secondly because the expences of Registry (considerable when the Office of Registry at a distance) must be borne by the Party in Necessity Viz: the Person who Transfers while the benefit of the Registry is experienced only by the Person to whom the Transfer is made

3 Mortgagees or Purchasers of land do not often advance their money without obtaining Possession of the Title deeds or, of the lands which Possession is Proof of the Transaction Registry therefore is scarcely Considered necessary as far as the Parties are concerned

(12)

4 In this district the Kurnams Accounts supercede the necessity of Registry because the Proprietors are therein entered and this appears sufficient with Respect to the Revenue which is Realized from the Occupants without Reference to other claims

5 The anticipated benefit of Compulsory Registry in Preventing unjust litigation, would not be speedily felt because all disputed deeds of Mortgage and alienation of lands now in existence will still Require judicial investigation and Persons who wish to establish claims by false documents would bring them for Registry if not to strengthen them at all events they would do So to Prevent bar to future investigation of their claims

6 False documents will Require false testimony to Substantiate them and false testimony will avail - a Probably in many ways - After the Proposed Registry has been established as well as before the People here are of opinion Therefore that a more binding oath than at Present in use would operate more effectually than the Registry in Preventing unjust litigation, I think however that false documents false witnesses and other frauds will continue to Prevail where want of efficient investigation has given them Success.

To The President and Members of the Board of Revenue

Gentlemen,

I have the honor to acknowledge the receipt of your

Letter from Govt. to the Board of Revenue 5 January 1821. Secretary's letter bearing date 30th ultimo on the request made by the Zemindar of Yedicottah to an allowance of 10 per cent of the Revenue of his Zemindary while it remains under attachment, and to state that I Recommended that his request might be acceded to because the Government with much liberality towards these old families have Resolved that in every case in which the limited allowance may be inadequate to the support of the Poligar in a manner suitable to his Rank in life and to the feelings of the People towards him, it is the wish of the Governor in Council that it should be augmented. I have infered that the Government were desirous that these Poligars should under any circumstances be maintained and that it was not Particularly

Settlement while attached — expedient to urge the Yedicottah Poligar to transfer Permanently his

Property in the state in order to secure a Provision for his maintenance. The Yedicottah Zemindary was much too highly assessed originally and Generally speaking the Village Official Payments were included in the Permanent Jumma so that the Zemindary has been a losing concern from the begining and it was merely the disinclination of the Poligar to Part with his Heriditary Estate which has induced him " to this time to continue in Possession he now wishes that some Reduction may be made in the Amount of the Permanent Assessment in the same manner according to his Account, as indulgence has been shown to the Neighbouring Poligars of Andeputty &c in the Coimbatore District

the more Particularly, as he was a minor when the Permanent Jummah was fixed this Request may be brought to your Consideration hereafter in the mean time however the Poligar will not neither Could he with any Consideration to his own interest reoccupy the Zemindary on the fixed Permanent Jummah — It will I think be better therefore to grant him the usual allowance of 10 per Cent until your Board have Passed a decision on the Propriety or otherwise of Reducing the Permanent Jumma if it should be Reduced the Poligar will be able to re-enter his estate otherwise he will make it over to the Sircar

The only Poligar to whom the allowance of 10 per Cent has been granted without a Transfer of his Zemindary Rights is the Poligar of Togamalay who has not taken advantage of the allowance as he fears this will bar his claim to repossession when he has obtained the means to Discharge the balance outstanding —

5th The Remission scarcely requires remark they were for the most Part asusual The shery has been Reduced from 10131 – 14 as 5 p to Rupees 1142 – 2 as The cowle has Encreased from increased Cultivation in the waste lands chiefly in the Palaney Talook in the Neglected Paliaput of Virupatchi to which Ryots have been induced to Resort from the anticipated benefits of the Promised Revision of the Dindigul Assessment

6th The Remission termed "increase in the measurement" is the amount unjustly added to Mr. Hurdis's Survey Measurement by over Zealous or Corrupt Tasildars in Certain Villages of Tenkaray Ayempaly and Nellacottah this has occurred in many other Villages besides those to which Remissions have been allowed the Amount Remitted Rupees to Rs 1476 – 2 a – 10 p was found to have been inaccurately added to Mr. Hurdis's measurement by actual Survey which on Examination should hereafter be extended to the other Villages wherever Complaints of increase by measurements in Excess of the survey Accounts have been made.

7th It appears Proper to state to your Board that I have been Prevented from submitting the Accounts of the Dindigul Reductions in Consequence of the Gomastahs and writers having been fully Employed on the Current business since January last I hope however to be able to submit them within the Month of August

1 With reference to the correspondence noted in the margin I have the honor to submit a translation of the Report of the Head of Police of Ramanad on the application of Mr. Hughes for further investigation regarding the tobacco found in the Possession of his agent in excess of the Rowanah under which it was imported.

2 Your Board will see that the Recommendation of the Head of Police founded on his investigation is in favor of the agent I am still inclined to the Opinion however that the Transaction is incorrect because it is not the Opinion of the merchants that so great an excess of weight as 35 in 140 candies by Preparation of the tobacco is usual, I am of course Prepared to Obey your orders on the subject It will be necessary under all Circumstances to Provide some Special Precautions to Put it out of the Power of the servants of this establishment from injuring the Customs by keeping on hand tobacco in excess of the import Rowanahs under the Plea that the Excess is occasioned by the Process of Preparation.

To The Presence of H. Viveash Esquire Principal Collector of Madura

Arzee from Moottoochellatauer Head Police Officer of the Ramanad Zemindary

In the orders of the 12th march last I am directed to deliver up 140 Candies of Tobacco according to the Rowanahs obtained by Sunkara=lingompillay belonging to Mr. Hughes of Tatchanulloor which was deposited at Poothoomadom Sea Port and to retain under atta=chment the 35 candies of Tobacco which was found surpluss above the Rowanahs. and if any deficiency is found in that Quantity to report the cause of the decrease and how it occured accompanied with depositions and that the Value of the decreased Quantity would be recovered from the Persons by whom the deficiency has been occasioned -

In Consequence of this Joint a Takeed to the Police Ameen of the Cusbah Talook who sent the Talook Gomastah to the spot and in conjunction with the Sayer Cutcherry Royasam and the Chowkedar of Keelakurray Sea Custom likewise the Ambalagar and Curnam of Poothoomadom caused the Tobacco to be weighed with the Weights of the Sea Custom House, and found it to Contain 153 Candies 2 Mds and 4 Vifs of which 140 Candies were delivered to Sunkerlingompillay c Mr. Hughess man and his Receipt obtained for the Same — the Surplus is 13 Can. 2 Mds and 4 Vifs which is kept at Poothoomadom Chettram in charge of the Ambolagars Curnams &c. The Amblagars Curnams and Nagalingom Peon of the Davastanum who was Placed to watch over the Tobacco were examined Regarding the deficiency of 21 Can 17 Mds and 4 Vifs and they stated that it has not been owing to the fault of any Person but that the Tobacco was made moist for Preservation in October or November last and that it having Since dried is the Reason why it weighs less at Present and that there is no Proof that the merchant's People who looked after the Tobacco had Committed any frauds in the Same

To the above effect the Police Ameen made a Report on the 4th April accompanied with depositions about this time an order was Received — stating that Mr. Hughes mentions in his letter that the Tobacco was Purchased in a Raw state and that it was Subsequently Prepared so as to keep moist for the market at Travancore and Consequently that it weighed more than the Quantity Purchased therefore directing me to make Enquiry of the Ryots who sold the Tobacco Report whether the Tobacco was sold in a Raw state or after it had been Prepared and if they had not sold it in a Prepared state to Ascertain its weight and what the weight would have been after Preparing it with Jaggry water moreover to get some Raw Tobacco and Ascertain its weight Compared with the weights of the Same Quantity After it is Prepared with Jaggry water —

and

and to forward an Account thereof together with Attachees on the Occasion likewise attachees from the People who Prepared the tobacco — I sent Particular orders to the Ameen to make Enquiry fully on the Subject as soon as Possible and he reports that he had Summoned the People who sold the Tobacco and the Persons who had Prepared the same and that Catbewah of Bothoomadom couthyar Rowatten Alleyar yemmunaeandans Thireyapillay and nagalingom of Alloguncolem have Passed depositions stating that the Tobacco was Purchased in a Raw state that After Rowanah had been obtained from the Chowkey Renter for the same that it had been Prepared with Jaggry water and that they do not Know exactly what the increased weight would be after the Tobacco is Prepared, that he consequently examined nunthe Gopaulenchetty and 3 Persons merchants of Ramanad who were Acquainted with the Particulars of the Process of Preparing Tobacco and that they stated that if Tobacco is Prepared with Jaggry water &c sprinkled thereon and dried in the Sun that no increase would be found thereon on sale, but that if Tobacco is sprinkled with Jaggry water and dried in the shade that an increase of about ½ or ¾ sixteenth would be found in a maund weight and Passed attachees to that effect, that he had Caused one maund of Raw Tobacco to be brought before himself and desired the Bazarmen to Prepare it with (16) Mds of Jaggry and dried it in the Sun and weighed the same — when he found $\frac{1/2}{16}$ 1 mds increase that no deposition was given to Prove that (140) Candies of Raw Tobacco would give an increase of 35 Candies After being Prepared with Jaggry water but that it only Appears that the increase would be about 4⅜) Candies and he Transmitted 4 depositions, 2 Copies of Rowanahs, a Memorandum of the increased weight found on the Preparation of Tobacco with Jaggry water in all 7 documents these inclusive with the former depositions makes 11 documents and 1 Account of the Examination of Prepared ✕

Prepared Tobacco likewise a Receipt for the delivery of the Tobacco and one Account of the weight of the Tobacco found on Examination in All 14 documents are herewith transmitted By these it will appear that the Tobacco was Purchased in a Raw state under Rowanahs from the chowkey Renter that an additional quantity of 42 and odd Candies of Jaggery had been applied to it for Preparation that in its moist state it was found to weigh an Excess of 35 Candies and that it become less after it was allowed to dry about 4 or 5 months and that no fraud had been Committed by Any Person — The surplus in the quantity of 13 Candies 2 Mds and 4 Viss above that calculated by the Ameens Examination is stated by the Broker to arise from an additional quantity of 42 Cand. of Jaggery having been used likewise from 1/8th Tolam being in Excess in the weight of the Tobacco of each Tolam Purchased at Aulugurcolam As certified in the depositions of Naugalingom &ca. Persons Ryots of that Village) It appears that the Renter should get duty on the excess quantity above the Rowanahs should the surplus quantity be not sold immediately but kept for any time it is stated that it will get clotted and break in to Pieces As the above Circumstances are reported in the Cusbah Police Ameens Arzee I beg to receive orders regarding the Tobacco

I have the honor to acknowledge the receipt of your Secretary's letter dated 18th Instant on the subject of the Jummabundy accounts of Fusly 1240

The English and Maratta statement of the Jummabundy settlement have already been forwarded the Comparative statement called for in the 2d Para of your Secretary's letter will be furnished hereafter they are in Preparation for dispatch by the 1st Proximo

In reply to the 3d Para I beg to explain that the Virapatchi lands were very extensively abandoned in consequence of the high Teerwah fixed by Mr. Hardis and the Zemindar of the Neighbouring mootah of Villore and Kully munthey having induced the Ryots to resort to his lands by the grant of easy Cowles in consequence the Zemindary became completely Cultivated while the Virupatchi Pollam became quite the reverse covered with jungle and infested with wild beasts Robbers also lurked in the jungles Plundered the People and stole cattle Mottos Peons have since been stationed on the high roads and the Inhabitants have been invited to Cultivate lands on Temporary encreasing cowles with the Promise that the Teerwah should be rendered easy ultimately many have Consequently Returned to the occupation of their own Village lands and have cleared the jungle extensively in fact Viripatchi is quite altered in appearance since I first visited it and as the People hereabout are extremely attached to their Ancient hereditary lands. I have no doubt that this Pollam will soon become as Productive as it ought to be -

To The President and Members

Gentlemen of the Board of Revenue

I have the honor to Acknowledge the Receipt of your Secretarys letter bearing date 7 July 1831 calling for information as to the system of Accounts observed in the Treasury under my Charge and to explain as follows

2d On the Receipt of Remittances at the Treasury the bags and the seals Affixed thereto are examined and compared with the Iraalnamah (or) list of Remittance by the Cash Keeper, Hindoovee and Tamul Gomastahs and the shroff, and an Account is kept of the same called Mudichi Malei No 1

3d The Coins composing the Remittance are then examined and Compared with the Iraalnamah or list of Coins sent all rejected Coins are Paid back to the shroff who accompanies the Remittance, he exchanges them immidiately the Amount of the Remittance is then entered in the Chittah of that date as well as all disbursements as they occur, specifying the Coins issued together with the balance and this Account is termed the Roznamah Chitta No 2

4th From the above Account of daily Receipts and charges two other Accounts are Prepared one for Madura and another for Dindigul these are also denominated Roznamah Chittahs No 3 and 4

5th An abstract Report of the Receipts, disbursements and balance is sent daily in English to the Principal Collector and in detail in Hindoovee to the Sheristadars Dufter Nos 5 and 6

6th The usual Monthly charges for Sibundy sadirward Davastanum Chotrum &c are entered in an indent (No 7) on the 1st of the month succeeding that for which the charges are due accompanied by an order on the Treasury for Payment

For Payment the whole Amount is then set aparts for disbursement and the Charges are entered As they are made in a separate Account called the Indate Chittah No. 8 of which An Abstract Reports is inserted in No 5 and 6

should there be Any balance of the Indate undischarged on the 25 of the month when the Monthly Accounts are closed, the Amount is entered in the Accounts As a deposit and appears under that head in the monthly Accounts sent to the Accountant General

7th A Report of the balance of cash is sent every ten days to the Accountant General Corresponding with the balance of the Treasury Accounts See No 9 and An Account Current of Receipts charges and balance is sent monthly No 10.

8th To enable the establishment to Prepare the monthly Accounts in due time Receipts and disbursements are closed from the 25th to the end of the month – orders have been issued to the Talook to send off their Remittances early enough to Reach the Hoozoor Treasury by the 25th of each month should the Remittances arrive later there are entered in the Madiali Malei No 1 and in the Rozenamah Chitta As soon As examined on the 1st or 2d of the ensuing Month – The monthly Rozenamah a chittahs No 3 and 4 are Prepared up to the date on which the Treasury is closed and lodged in the Sheristah's duftew

9th The Sheristadar then compares the Rozenamah Chittah with the Jummah Kurch chittahs Prepared in the Talooks and the [illegible] namahs which Accompany the Remittances duplicates of the Talook Jummah Kurch chittahs and of the Irsalnamah are always furnished one for the sheristadar dufter and one for the Treasury

2d The Accounts exhibit a decrease in the Salt Collections to the extent of Rupees 5357 1 6 the Revenues from this source however have Actualy increased in the Sum of Rupees 22416 11 4 this Arises from the Salt Collection from the middle of June to the middle of July not having Arrived at the Hoozoor Treasury in time to be entered in the Accounts of the fu[sly]

3d The decrease in the Sayer Arises from the reduced Amount of the Sayer Rent Occasioned by the

the discontinuance of the monopoly of Tobacco and Beetel which was Practised notwithstanding the Renters executed muchalekas to the contrary moreover the Collections of Arrears in fusly 1239 exceeded those of the subsequent year. thus the Sayer Collection have been Reduced Rupees. 58801 12 3

4 In the sea custom the increased export of chank and Cotton have raised the Revenues from Rupees. 9273 5 10 to Rs 22175 1 3

6 12 to the extent of Rs. 329. 6 the increase above noticed arises from the Collection on Account of Amount and Arrears exceeding those of fusly 1239.

7 The Collection of the Stamp Revenue have decreased to the extent of Rs 2257. 7 this arises chiefly from Reduced sales of Judicial Papers.

8 The moturpha has not been imposed I have the Accounts ready but the Persons on whom this tax will immediately fall oppose the imposition of it and nothing can be done I fancy until some Regulation has been executed As Recommended in my letter bearing date 10th January 1829.

9 On the whole the Gross extra Revenue Collection Amount to Rs. 670640 8 4 which is

is less than the Amount released in fusly 1829 to the extent of Rs 52841 4 -

To Captain Milligan
Sir   Commanding Ramnad

1 I have the honor to acknowledge the receipt of your letter bearing date 23d Instant together with

with Translation of a Statement forwarded in Tamul to the manager of the Ramanad Zemindary by your Subidar and Jemmadar wherein I find that you Complain of his beating the noubut at the Palace, that music tom tomes and fire works are used at marriage Ceremonies without your Permission that the Zemindar sends you verbal messages and that your Sepoys Are unable to Procure Provision and that the Zemindar Generally Treats you with incivility

2. I also forward translation of a letter from the Zemindar Complaining of unusual interference on your part with the observance of Marriage Ceremonies and the operation of the Police and he states that he has used his utmost endeavours to supply the Sepoys under your Command with every Requisite

3. The manager has been Appointed to the situation he holds under the orders of Government during the minority of his niece and he Officiates As Head of Police of the Ramanad District under the Regulation he is bound to Pay you every Respect and Render you all necessary Assistance

4th. Ramanad is a walled pettah Containing many thousand inhabitants and I do not Perceive the necessity of the inhabitants making application to you for Permission to use musical instruments Particularly As this has not heretofore been the Custom it is not even usual at Madura where the Detachment is more numerous than at Ramanad moreover the Police watchman usually beat tom tomes at intervals for the Police Security

whether

whether Right or Wrong the Head of Police must be the best Judge —
It is by no means Proper however that you should thereby be disturbed and I will instruct the manager Accordingly

5th It appears to me that you have Judged interference Proper under the Idea that Ramanad is a Military Garrison and subject to all the Restraints of a Fortress whereas its fact it is a walled town, the inhabitants of which are subject solely to the civil and Police Authority of the District

6th With Regard to supplies your sepoys must be Contents with what the Bazars furnish, the Zemindar has nothing to do with this if Any thing not Procurable — specially Required I hope you will make application to me

7th If you are of openion that my Idea on the subject of your letter is inaccurate — I hope you will Refer to the Military Authorities for instruction and in the meantime allow the Customs of Ramanad to Continue as they Prevailed under the Officer formerly in Command —

Madura 27 August 1831 — Principal Collector

Principal Collector of Madura

From Muttu shellacaver Head Police

Officer of Ramnad

stating that Captain Millinger Commanding at Ramnad creates disturbances contrary to custom and Justice, and that in order to avoid any Reference of his Conduct, he Represented to him the improprieties of his Proceedings but instead of abating or Restracting from them they have increased

This morning about 9 o Clock he sent

he sent Garrison writer Chekalingampillay, Subidar Golam Ally and a Jemidar and Havildar in all 4 Persons to me with a Malabar letter which they read before me and told me that they were ordered to bring a Reply.

The Paper stated that the Rounds at nights should not be accompanied with music, that music should not be used without his orders that morning and Evening music should not be Played at the Palace or at Raja Rajaisweree ammun Covil with an indecent expression that the Sepoys cannot get good Sumbah Pady, that People were yesterday sent to the bearer for Paddy and that it was not to be got, that I apparently behave regardless of him by the advice of my People, that I am therefore to be blamed, that if I do not behave Properly towards him he would take severe measures and various other unbecoming expressions moreover questioning verbally by them to know why I should sell the melwaram Paddy, that my Peons do not make Salams to him when met in the streets and why I did not give orders to them on the occasion In no manner whatever has any Deficiency or want of attention been shown to the said Gentleman, the Cusbah Talook Police Ameen and the Catwall and Duffadar have already been directed to furnish supplies for Payment, and they have been diligent in doing so — merely to create disturbances and Difficulties Articles not Procurable at this Place are demanded — Rice and Paddy are in abundance — Course Paddy is mostly the Produce in this Zemindarry and Sumbah Paddy is trifling — the Shevagunga Merchants usually bring Sumbah Paddy for sale from that Zemindary but some times they do not come this has already been explained to that Gentleman and in Consequence

of Paddy —

Paddy not being brought by merchants within the last 2 days —
— I have derected two Bazars of Paddy to be opened for sale
and have likewise ordered my Godown to be opened for supplying as much
Paddy as may be Required I sent word to say that If that Paddy will
not answer for the sepoys they must wait till Sumbah Paddy which
is not now Procurable should come and that they must buy the
Paddy in the same manner as all other People and I further Proved
to the Subidar and Jemidar that Paddy was sent yesterday to the
said Gentleman by the Cutwall when his man came and dem-
anded for it without bringing money for the same — and the
Payment was Received after the Paddy had been delivered to the
Gentlemans Servants

In order to Prevent Robberies at nights in the
fort and out of the fort the Police Duffadars and Peons go their Rounds
and the Peons of the Palace go the Rounds of the Palace at nights with
music according to custom should the music be stops the Robbers
will Commit Robbery without fear the People going the Rounds were
ordered formerly not to Play music near the said Gentlemans
house and whilst they did so the said Gentleman sent word
again and the People were again derected not to do so in Presence
of the Subidar I sent word that the matter did not Require displeas[ure]
and that it was not Proper to give orders Contrary to usage in
the use of the music at the Palace thereby shewing disrespect to so
great a Samustanom as this Zemindary and that every attention
according to Rules would be attended towards himself and the
sepoys, and in order to send to you the Paper which the said —
Gentleman had sent in such a disrespectful manner I
Kept it with me but a Havildar came in opposition to my Sa[y]
not at Palace and told the Subidar to bring away the Paper

without

without allowing a Copy thereof to be taken and in submission to the Companys Seal and Autherity I gave it up

It belongs to the Police Autherity to give Permission for the use of music on Occasions of Marriages &c of the People and to use fireworks As may Appear Expedient against Danger of Catching fire to houses — I have Continued to do so according as I have thought Proper with Reference to the orders already sent to me from the Magistrate Office

This morning when music was Played at the Marriage of my Gomastah Chedumbarum Pillays Brother the Commanding officer came in the street in front of the house caused trouble to the musicioners and delay in the time of the marriage moortum — one day sometime ago the said Gentleman Entered the house of one Laalah meeah a Muselman And having frightened a woman she fell down and hurted herself

to the wedding the neck

This day After 12 o clock at noon a Havildar with 5 or 6 Sepoys Armed with muskets were sent to Prevent music being Played at the marriage of the 6th month of the Soninlaw of Rungaiyengar Davastanum Peshcar Brother to Ramyengar late Peshcar of this Zemindarry, and Vellyen Peon was beat and wounded and his belt torn from him, and Rungaiyengar was treat and Pulled and kept in Confinement

In this manner the said Gentleman has for Reasons unknown within — the short time of his Arrival at this Place created all these disturbances and interfered in the Affairs of the Palace with which he has no Concern and I donot Know what for this troubles he will

create

create in Edition to those which he has Committed this day.

The Circumstances and Respect due to this Zemindary is known to the Presence I therefore Confide that you would be Pleased to Remove the troubles Occasioned by the Commanding officer contrary to usage and Custom, and therefore I have addressed you on the Occasion

21st August 1831.

As a Remuneration for his increased services Arising from a Battalion having been stationed at Dindigul and the opening of the Post from Dindigul to the Neilagherries As well As the length of his employment. I would Recommend that one Pagoda may be aded to his Present Salary of three Pagodas.

The humble Aryee of Sashachella moodley Post office writer at Dindigul

The Post office writers of Madura Dindigul and Ramanad in the Zillah of Madura were usually

allowed at the rate of 5 Pagodas per month — In Consequence of the removal of the General store Battalion and Head Quarters and the stationing of 2 Companies only at Dindigul, the stations of the Runners from Trichinopoly to Dindigul had been abolished and the mails to Dindigul were dispatched from Trichinopoly to madura by way of Toovennoorchee and mellore of 12 Runners who were stationed on the route to Dindigul from Madura, 7 Runners were taken to the stations on the route from Trichinopoly to madura and 5 Runners only kept from madura to Dindigul to Convey the mails every other day thereby employing the services of the Tappal writer only 15 days in the Course of the Month Consequently Mr. Parish the then Collector in the year 1809 decreased the Pay of the Tappal writer from 5 to 3 Pagodas and Promised that the 2 Pagodas which was stopt would be granted when the services of the Tappal writer may be employed for the whole month these 2 years Tappal runners are stationed on the route To Cumbootoore from Dindigul and the runners from madura are increased from 5 to 10 in number thereby allowing 2 Runners at each stage, and bringing in the mails every day without intermission and As this Place is become Head Quarters and Occupied by Gentleman, and As I have much duties to Perform from the daily dispatch and Arrival of the mails and As I am suffering much distress for these 20 years on a small Salary of 3 Pagodas per month, I Pray that you will have Compassion on me, and grant me the 2 Pagodas which had been stopt formerly from my salary

1 I have the honor to submit translation of an Arzee from the Zemindar of Shevagungah requesting me to recommend to him a fit Person to superintend the the revenue administration of his district.

2 In Consequence of neglect of business by the late Zemindars and the incapacity and misconduct of the Peshcars Employed during the last 20 years the Revenue and resource of the Shevagungah Estate have naturally deteriorated and the Tanks and water channels have been allowed to go to decay in consequence of which the Zemindars have been Compelled to Contract heavy Private debts to discharge the Sircar Kists notwithstanding were the district in order 1½ lac of Pagodas could with facility be realized. I think therefore the Zemindar has evinced Prudence in looking abroad for a Revenue Peshcar --

3 The only Person here fit to do Justice to the district is Kistaniah brother of the Head Sherishtadar who at Present fills the situation of Tahsildar of Tiroomungalum of whom favorable mention was made by the Sub Collector in his Jummabundy Report for fusly 1239 this Person however is averse to leave Permanently the Sircar service or to risk the advantage

advantages which he may hereafter obtain from Prolonged Public Services in the Revenue line I therefore Request your Permission to depute him to the Revenue Management of Shevagungah with leave to Return to his duties in the Terroomangalom district As soon As he has introduced order in to the Revenue management of Shevagungah.

From the Salt Peshcar at Kobanaghery
16th August 1831

Shashyen Gomastah of Kobanagherry Salt Pan reported that Moottoo &ca Karava merchants from the northern Route had Proposed to Purchase 20 Garce of salt that they had Paid an Advance and had Promised to come back with their bullocks to Purchase the Same — I consequently sent a Peon to attend to furnish a heap of Salt from the Platform — The said Peshcar subsequently informed me by his Aryee of the 8th Instant that the Inhabitants and Peshcar of the Tanjore District had come forward and Apposed their

then in their march in the villages of Tanjore from Proceeding to these Pans copy of which is herewith transmitted

The said mootten &c. Merchant from the Northward have not only Purchased a large quantity of Salt in the Month of February last but have likewise in the Months of July August and Septr. 1830 Purchased large quantities and thereby the sales have been great, In the same manner the sales have been made to the Kooovamerchants In July of the Present year and whilst they were coming to the Pans of this District to Purchase salt in the Present Month in the same manner as they did in the last year they were obstructed by the Inhabitants and Peskear contrary to Rules. If such to the case how can the sales be made without a falling off — Wherever the Merchants go of their own accord — salt may be supplied to them without doing so in Consequence of their being molested and troubled they will be afraid to come to these Pans, and the Northward merchants will not come freely hence. I have reported these Circumstances for information and will abide According to orders —

With Reference to your letter bearing date 3d. September 1829 I am of opinion that one fifth share of the Pension or 28 Rupees should be Paid to the claimants by the Head of the family if it be thought adviseable to Authorize a division of the Pension

I am aware of the objections which have been urged generally against the Subdivision of Pensions

but

orders of Govt. the Board of Revenue 29. December 1826 but these will scarcely apply in the Present case As the Members of the Candian families are not allowed to move from the District

From Mootoo Veruye natchyar Guardian and Mootoochellatever manager of the Ramnad Zemindarry

17th August 1831

The Enoyetnamah No 256 of the 30 June last mentions that you are informed that I had rented the Manabom or rent the Boats allowed at the Pearl fishery for the Rameswarom Davustanum and that I had collected the money and directing me to report what number of Boats were allowed by the Ceylon Government to each of the Davustanum what number of days Pearl Oysters were fished and the Estimated number of Oysters fished by each Boat and to state whether money was received by Rent or by sale of the Oysters under Amanee Management the Amount Revenue desired and whether the Gentlemen of that Government had granted Permission or orders received from the Board of Revenue on the Occasion

It was usual to allow at the Manar Pearl fishery of the Ceylon Government 2 Mounetoor Doneis for the Rameswarom davustanum one doney for the Tiruvatoray Gooshamurgay Davustanum one doney for the Tirpolanee Davustanum

Davustanum. When this Zemindarry was held under attachment the Collectors of the Ceylon Government did not give Permission for the Maunebom Boats at 2 or 3 fisheries which took Place at manar in which Subject Mr Gliey Sub Collector addressed the Principal Collector of Madura accompanied with documents supporting the Maunabol-Customs and the Board of Revenue was made Acquainted with the same, to which no orders had yet been received and the maunebom Boats had been discontinued Whilst such was the case beeing that a fishery was to take Place in the Present year I thought it would be advisiable to address a letter to the General and other Gentlemen of the Ceylon Government and to send a Merchant to Proceed thence therewith and to use his endeavours to Obtain orders for the restoration of the Maunebom boats I consequently sent for a Merkoyu merchant of Keelakarry and spoke to him on the Subject, He told me that as the maunebom boats had not been allowed for these 2 or 3 fisheries that it would be difficult to get orders for its restoration and that should the whole of the Proceeds of the Present fishery given to him As An Equivalent to defray the charges attending the undertaking of his journey and other Buttom charges upon his Obtaining Permission for the same that he would undertake the business I declined the offer and As I found that Coulyapillay of Paumbom was in the habits of trading to and from Ceylon and Acquainted with the Customs of that Country and of honest Principles I sent for him and Questioned him on the Subject when he told me that as it would be attended with trouble

trouble to get orders for its restoration and that he would have to neglect his business, and employ himself solely on this Occasion to Obtain orders, that if the 4 Boats were given to him on a Rent of 3000 Rs. that he would give a deposit and after the fishery is concluded that he would receive back the deposit, and Pay the Rent Amount and to this effect, he Passed a Proposal a subsequent Proposal was agreed to for (3500) Rs. and the Rent was given to him

As the Mannabom Boats had been discontinued for a long time it was my wish to have it restored again by any means whatever as an Object of Charity Particularly useful to the Coils and therefore I furnished him with letters to the General and other Gentlemen of the Ceylon Government and after giving him a Thimonath Chatoo he Proceeded to Ceylon and having used his endeavours he Obtained Permission for the 4 mannabom Boats and having fished at the Pearl fishery he Paid the Rent Amount of (3500) Rupees and took the deposit money on the 5th May 1831 — The sum of (3500) Rupees was Paid in the Dewustanum treasury and a Receipt Passed for the Same. — This is all what — transferred on the Occasion and I have reported it for information

Gentlemen

I have the honor to acknowledge the receipt of your letter bearing date 16 June last and to state that I find that the Sogamalay Zemindary was never Confirmed by the Istimerar Summoned it was

Assumed

Assumed on its falling in to arrears under the Authority Conveyed in your Boards Proceedings dated 11th April 1816 it is not therefore Precisely a Precedent to the Proposed Allowance to the Zemindar of yadie Motah.

Under the Circumstances stated in my letter of the 6th of June I still think the indulgence Solicited by the Zemindar should be allowed until the Propriety or Otherwise of reducing the keney of the Zemindary be determined. In fact the R Government appears to have intended that this Allowance should be granted to Poligars of Madura whose estate are under Temporary Attachment from the letter quoted in the margin

From the Secty Government in letter from the 11th Dated 11th January 1831 wherein it is stated that the Honorable the Governor in Council Sanctioned an Allowance of Ten Per Cent on the average Collection for five years to the Poligars of the Assumed Pollams in Madura during such time as their lands may be returned in Possession of Government.

Whilst such is the Case in Consequence of the Tahsildar of Streevygoondom Sending People to demand Sornadoyem and Pullaputtaday tax the Collection of Revenue the Concerns of Cultivation and the Affairs of the Circar Are interrupted. On this Subject I had not only addressed you but had likewise Sent the Servants of my Department to the Collector of Tinnevelly to explain the matter with Documents by Proofs to which that Gentleman Promised that he would Report the Same

the Same in the nature of An Account to the Board of Revenue & would Pass orders thereon After the Receipt of a Communication from the Board until the Receipt of such orders I directed that the Tahsildar should be Requested not to Occasion trouble to the Inhabitants on Account of the Balances which he has not realized and I am informed by the Peshcar that 321 Rs. has been Collected from the Inhabitants of Chokapalenkarry and Poovaunee

Whilst it has been Customary to Pay to the Hoozoor Treasury of the Tinnevelly Collector the Sum of 588 Chuckrums &c fanams Per Annum for Chokapalenkarry and Poovaunee According to the Kistbundy on Account of Cuttoogootagah Desha … Sornadayom &c the Tahsildar has from hatred sent Servants and Peons to Cause trouble and Annoyance to the Inhabitants of the Villages under my Superintendance If such is the case, how can it be expected that the Inhabitants would be Subject to the Authority of my Servants

Whilst Chokapalenkarry is a Surwamaneyom Village the Diswal Maneyom to Collabomanaeckan is Considered to Constitute the Village As Cuttoogottagay and Whilst the Pullapottaday &c Professional taxes and Sornadayom of the Poovaunee Village is Paid Annually with the Cuttoogoottagah Amount, the Said taxes are separately demanded and People and Peons are sent repeatedly to Collect the same and by the instigation of some ill disposed Persons the Tahsildar has furnished Moonsiffs Pottahs to Soobaramaneyapillay &c 3 Persons Authorizing them to Perform Police duties and they cause trouble to the Inhabitants and have issued Proclamations directing deterring the Cawalgars from obeying the orders of the Peshcar and in Consequence of their interference the concerns of the Cultivation and Collection of Revenue is much impeded.

Wherefore I Request that you will be Pleased to write to the Collector of Tinnevelly to direct the Tahsildar of Streevygoondom to desist from Any interference and that the Servants of my

my Department be allowed to Collect the Discowel and Buttogootogay Revenue in the Same manner as they had usually done in the Shakapalankaray and Porvavinee Vanedams that the Same may be Paid from the Said Villages or from the Devastanum Head Cutcherry that the Servants of that Zillah may not cause trouble to the said Inhabitants that the Sum of 400 and Rupees Collected by the Tahsildar Contrary to the Custom on Account of Pullaputtaday and Sornadayam in fusly 1238 may be Paid in ready money or otherwise taken to credit on Account of Buttogottagay Discowel &c of fusly 1240 and Pass a receipt for the Same that the Inhabitants may not be troubled on Account of Police matters or Account of Balances and that the Cowalgars may not be interrupted from obeying the orders of the Peshcar in the Collection of Arrears or Conveying Remittances or in the Duties of the Circar or otherwise if this Suggestion is not Complied with the Inhabitants will experience trouble and the Revenue for the Charitable Purposes of the Devastanum will suffer much loss by the interference and troubles of the Servants of that Zillah — The Copy of the attachee sent by the Peshcar of Shakapalankaray and Copy of the order of the Tahsildar are herewith submitted and I shall abide by such orders as may be sent to me

As to the Disbursement I have no doubt but they were made from the Explanation furnished by the Petitioner but I still consider that Vencata Vendayengar ought to be Considered a Private agent of the late Mr Peter and that his claim should be Preferred against the Estate of that Gentleman

1831 October 20th Razeenamah given by Comaura Chinnamanaick Zemindar of Edaucottah

Maneyom lands have been granted to the Nattamkars and Curnams of all the Zemindaries except my Zemindary of Yedacottah by the Honorable Company. In my Zemindary

R the Hoolsoo teerwah has not only been high but the maneyom lands of the Nattamkars & Curnams included with the

and whilest tho' of former times tribute was fixed at 5000 Rupees - the Istemrar settlement was fixed at 9782.3.0 - therefore since the Zemindary was restored to me in fusly 1214 I have paid the Peshcush amount up to fusly 1237 from my own Property & by borrowing money to make up the Deficiency of Revenue - Moreover I have paid the Nattamkars & Curnams about 9000 Rupees from my own funds as a remuneration for their services - In this manner I have made away with all my Property & am become quite distressed & I have not any means to release my Zemindary from Attachment

As I am suffering much distress for subsistence since my Zemindary has been Assumed for these three years past I voluntarily by this Razeenamah relinquish my Zemindary According to the terms prwhich Allowances are granted by the Honorable Company to the Zemindars of Madura from the Revenues of their Zemindaries which are Assumed -

No. 3. Revenue Department

To The Principal Collector of

Sir Madura & Dindigul

Para 1st I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25 ultimo regarding the building occupied as a cutcherry at Ramnad.

2 The Board have ascertained from the records of the late Board of Trade that the lease of the building in question will expire in the course of this year at the close of the term of 15 years from the renewal of the Companys charter which will be on the 21st July 1828 the Act 53 Geo III Cap 155 by which the charter was renewed bearing date the 21st July 1813 It seems therefore to be out of the question to repair the building at the expence of Government without some new arrangement with the Proprietor

3. You will be pleased to state to whom the monthly rent is paid and who are the agents of the Proprietor with whom it will be necessary to treat for the renewal of the lease if this should be thought expedient

4 To enable the Board to judge on this Point they desire that you will call upon the Sub Collector to report what accommodation the building affords and whether there is any other accommodation available at Ramnad equally well suited for the purpose of a cutcherry and in a what condition it is and on what terms it may be obtained The Board understand that other buildings were constructed by Colonel Lennon and rented to Government for the accommodation of the Judicial Establishments formerly maintained there on the same conditions as the building in question & they desire to know how these buildings are occupied.

5 The Board further desire to know how the Rent of the building in question has been charged whether against the Zemindar or against the Government and if against the Government for what reason

To The Chief Secretary to Government

Sir,

I have the honor to acknowledge the Receipt of your letter of the 6th Instant and to transmit An Original Puttah issued in the last fusly together with a translation of it. Separate Puttayems are not given for Punjeh Nunjeh and Garden land but all items of Payment are included in one Puttah. I do not think it Necessary to make any Alterations in the form As they Answer every Purpose in Regulating the demands of Government and in making the Ryots Acquainted with the denomination of the lands in their Occupation and every Particular for which they have to Pay in each year.

The Jummabundy Settlement Commences in January or February in each year and ends about June within which time each Talook is Visited and the Puttahs are delivered to the Ryots in Presence of the European Officer who makes the Settlement the Particulars of the Puttyems are read over to the Inhabitants and Objections if Any are first Settled before the Puttyems are issued.

The Average number of Puttyems issued in the

District for 10 years is 58536.

Zunjur band Zaminband or any other kind of Security bonds are not taken by the Circar from the Ryots.

It is left to the Natamkars or Head of Villages to obtain Security on individual cases where doubt may be entertained of the integrity of the Cultivator, no cases of failure appear to have occurred"

To The President & Members of the Board of Revenue

Gentlemen

Para 1st. I have the honor to submit a Revised Moyen Zabitah for the Districts of Madura and Dindigul which I Propose should take effect from the 1st of January of the Current Fusly

2nd The first Item of Increase is in the Pay of the Head Sowcar Mareswhich as last Sanctioned was 50 Rupees Per Mensem this is not Sufficient Considering the Responsibility and duties of the Situation the Salary of this Officer should at least equal the Salary of the Minor Class of Tahsildars to which I now Propose to raise it

3rd The Salaries of two Rayasoms at Present Rupees 10 8 are quite inadequate Considering that these Officers are Required to be expert Penmen and to be Practised in Native Official Correspondence I now Solicit that their Salaries be Raised to 14 Rupees each

4th One Hoozoor Gomastah I Propose should Receive An addition of Seven Rupees which will Raise his Salary to 35 Rupees this is necessary As Annundarow the Person who holds the situation is Employed as the Head Goomastah in Summabundy Settlements and in the Preparation of the Official Accounts Besides He has been Publicly Employed 17 Years

5th The second Hoozoor Goomastah also has fully entitled himself to the increase of 3½ Rupees in addition to the Salary he has heretofore received of Rupees 17 . 8 "

6th The Salary of the native Doctor & Head moochy is also insufficient they are both Practised servants of long standing & should at least be rewarded by the Pay I Propose of 17 Rs 8 as to the former and 14 Rupees to the latter.

7th I before submitted to your Board the Propriety of Raising the Salary of the Madura Cutcual and As the Proposed moyen Zabitah is below the Establishment Already Sanctioned by Government I beg to Repeat my Recommendation in his favor

Vide letter 5 Nov 1830

8th The Salary of the Deputy shroff has heretofore been Rupees 10 - 8. which I Consider quite inadequate Considering the Responsibility of the Office and the Necessity of Providing security I proposes to Raise it to 21 Rupees

9th The Establishment for the Head Assistant is absolutely necessary As he has a distinct Charges entrusted to him I stated in my letter to the Committee dated 11th August 1829 that it was my intention to Provide this Establishment from the moyen Zabitah then submitted, the Salaries Amount to Rupees 56 . 8 "

10th The additional Roysam in the Hoozoor Cutcherry Necessarily Arise from the Revisal of the Sawab=nouis Department

11th The additional servants Proposed for the Treasury a Gomastah shroff and Gollah were before applied for as noted in the margin, As the Proposed moyen Zabitah is less in Amount than the Establishment already Sanctioned I hope your Board will now be induced to accede to the increase

Vide letter 5th April 1831

12th The Sayer Establishment at Ramnad I now Propose should be Rupees 98 ₰ mensem this - notwithstanding the Sayer has been Rented Cannot be dispensed with in Consequence of there being no other Public servants in the Ramnad District to Collect the Amount of the current

174 347

Rents and the old balances, to investigate alleged abuses by the Renters or to superintend the Sea custom Department.

13th. The Sayer Establishment at Shevagunga is also required for nearly similar reasons the addition, or the Shroff is necessary because the Ramnad Establishment has the advantage of the ullum Shroff not so in Shevagungah

14th. It is Proposed to alter the arrangement of the Salt Establishment because the seperate charges of the Northern and Southern Devisions superintended by Peshcars lead, I am Persuaded to loss from the Competition of the Peshcars to encrease the sales in their respective divisions whereby they induce traders to resort to Pans under their respective charges by Promises of favorable measurement I find that the average of 5 years sales Fusly 1231 under Narasingarow Sale Manager at a Salary of Rupees 135 amounted to 2596 Garce while the average of the Subsequent 1240 years sales up to the end of Fusly 1240 amounted to 2309 Garce only. The Salary I have Proposed for the Amildar is Rupees 100 which Cannot be Considered excessive As he is Obliged to furnish Security for loss for which he Cannot Account to superintend a Revenue of 2½ lacs of Rupees derived from a line of Coast extending 150 Miles situated in a Zemindars Country at a Considerable distance from the Head Station of the Principal Collector I Propose he would be aided by a Peshcar on a Salary of 35 Rupees ℔ Month who under the direction of the Amildar will have general superintendance of the Devision to which he may be deputed. The Total charges of the Salt Establishment formerly Sanctioned Amount to Rupees 953 4 - the Proposed Establishment is Rupees 963 - 8 or Rupees 10 4 in excess I anticipate improvement in the Salt Revenue from the arrangement Proposed and I hope your Board will Sanction it

15th. The decrease Proposed in the Establishment last Sanctioned is Rs. 75 14as which leaves the Mozen Zabitah I now submit at Rupees 10455 - 10 -

16th. With reference to my letter dated 5th November 1830 I again venture to solicit your Sanction to the increase

To The President and Members
of the Board of Revenue
Gentlemen

I have the honor to state to you that agreeably to my Recommendation under date 21st April 1830 the Ramnad Zemindary was entrusted to the Management of Moottooweeroye Natchyar and Moottoochella Tavur the Relation of the Infant
Daughter

179 387 174

of Ramnad Zemindary the property the deceased Zemindar

I beg to submit a Statement of the result of their management whereby you will observe that the Collection from the 21st April 1830 to the 12th July 1831 Amount to Rs 630606 13 8 the charge for Sibandy to Rs 72453 12 to the Private expences of the Managers to Rs 90621 7 2 and the Surplus After Payment of the Circar Rents and charges Amount to Rs 21890 9 8

When I Recommended that the management of the District might be Confided to the family I Anticipated that the interests of the Minor would be Zealously attended to that the expences would have been so moderate as to Cover the Surplus of good years sufficient to make up the Deference of bad seasons and to Provide for improvements, the statement submitted shews that this result Cannot be expected if the Private expence of the family remain unlimitted your Board will find from the enclosed arzee that the managers require to be allowed the Kist of the Present years in four Annual instalment this nearly Cannot be Necessary under a Providing Management

It does not appear to me that I can interfere in husbanding the resources of the Zemindary or in Controling the Expenditure unless the estate is taken under the management of the Court of Wards whose Controul is the more necessary under the Prospects of bad seasons there is also another disadvantage attending the continuance of the estate without Controul in the hand of the family which is that the Creditors of the Ramnad estate are numerous and if funds are not Provided to meet them by oeconomical management during the minority the minor on attaining maturity will inherit an embarrassed estate the Marwary creditors of Keelakarry have on these Grounds Protested against the unlimitted Controul of the Present managers

I therefore beg to Recommend that the estate be taken under the Management of the Court of Wards
